

SPC Trim and Molding Profiles

Trims and moldings are an important factor in the completion of your flooring project. Waterville Supply carries trims and moldings in most of our SPC collections. Standard length is 94".

Trim and Molding Options:

END CAP - Used to fill the gap between the floor and carpet, hearths, or against sliding doors

T-MOLD - Used between floors of equal height

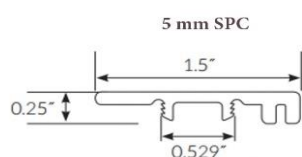

SURFACE REDUCER - Used between floors of unequal height

FLUSH STAIRNOSE - Finishes the end of a step

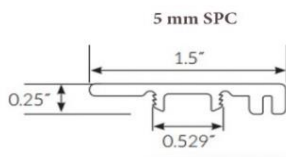

QUARTER ROUND - Hides open space where the flooring meets baseboards, cabinets, and steps

Profiles available in each collection:
